* * * * *

GENTLEMEN,

Your Council once again has much pleasure in presenting this, the 51st Annual Report of the Association. It is very happy to report that the sport continues to prosper, especially in the South. The wisdom of encouraging and promoting athletics in the schools and amongst schoolchildren has been proved by the increased interest shown by the youngsters.

The rather worrying drop in registrations of last season has not continued - there being an increase of 23 to 358, the second largest ever recorded. However, considerable concern is felt at the continued drop shown by the Northern branch, particularly as two years ago it was the strongest numerically. A drop from 155 to 68 over two seasons is nothing short of a calamity, and must necessitate some action by the incoming Council.

Details of branch totals are -

South	176	Increase of	7
North-West	114	" of	37
North	68	Decrease of	28
	<u>358</u>	Increase of	<u>23</u>

Your Council has met regularly once a month at the Education Department Swimming Centre, and thanks are expressed to Mr. D. R. Flaister for allowing the use of the meeting room. The Executive has met rather more frequently and thus has been able to deal with routine business rather more expeditiously.

Features of the year have been:-

- (1) The disappointing performances of the Cross Country team in the 10,000 Metres C.C.C. of Australia.
- (2) The streamlining of the Triangular Track and Field Contest.
- (3) The conduct of the Tasmanian Track & Field Championships on one day.
- (4) The outstanding performances by the State team in the Australian Track & Field Championships.
- (5) The selection of three Tasmanian athletes, G. Blake, J. Denholm and R. Groom in the training squad for the Commonwealth Games in Perth.
- (6) The appointment of eight of your Association's officials to positions for the Commonwealth Games.

These features will be dealt with in more detail in the appropriate place later in the report.

TRACK AND FIELD. As all major meetings are allocated to various branches on your Council's behalf there is not a great deal to report in this regard.

The Tasmanian Schoolchildren's Championships were conducted by the North-West Branch on 4th November, 1961 and from all accounts were most successful.

The Northern Branch efficiently conducted the Triangular contest on 17th February, 1962 at York Park. In spite of the streamlining of the programme, South won all 3 divisions - the Senior and Junior decisively. This continued overwhelming superiority poses the question as to whether this meeting, in its present form, is of any great benefit to athletics in the State.

The Tasmanian Championships, as already mentioned, were confined to one day in an endeavour to encourage more competitors to enter and compete. Travelling was thus limited and at least warranted further trial.

A team of five athletes was selected to represent your Association in the Australian Championships held in Sydney - G. Blake and J. Denhold 880 yards, 1 mile and 3 miles; P. Hutchinson and R. Groom Long Jump and Hop, Step and Jump; and K. Green 2 Mile Walk. Mr. W. Halley was appointed Manager. This team overall was undoubtedly the best sent away since the war. Greg Blake finished a meritorious second in both the 880 yards and 1 Mile. His times were 1 min. 51.3 secs and 4 mins. 6.8 secs. John Denholm was sixth in the Mile in 4 mins. 12.4, and did not qualify for the final of the 880 yards, finishing sixth in his heat in 1 min. 53.5. Kevin Green, although hampered by straining a muscle early in the race, finished sixth in 15 mins. 47.6 secs. Very gratifying was the fact that he was not cautioned at all during the event.

In the Long Jump, Peter Hutchinson finished ninth out of seventeen and failed to qualify for the final three jumps by only 5 $\frac{1}{4}$ ins. Ray Groom jumped a grand 22 ft. 8 $\frac{3}{4}$ ins. and was placed fifth, defeating all New South Wales and Queensland representatives. The jumping in the Hop, Step and Jump was very poor. Groom was eleventh with 42 ft. $\frac{3}{4}$ in., Hutchinson fourteenth with a disappointing 37 ft. 11 ins.

As a result of these performances Greg Blake, John Denholm and Ray Groom were included in the training squad for the Commonwealth Games. Every endeavour will have to be made to arrange competition for these athletes during the winter in order to ensure that they will be in top form for the final selection trials in October.

It is with great pleasure that your Council can report that 8 members have been appointed as officials for the Commonwealth Games, to be held in Perth in November. The members are - N. G. Hutton: Chief Track Judge; E. W. Barwick: Finish Judge; W. Denholm and L. Spears: Timekeepers; C. A. Wise: Arena Marshall; G. T. Briggs and R. Porter: Field Games; and N. J. Ruddock: Track Umpire. Sincere congratulations are extended to all.

CROSS COUNTRY. Following the success of running cross country races at Campbell Town last year, all Tasmanian titles were again conducted over this course. Fields were still relatively small but there appears to be a growing interest in this sphere of the sport.

It is with deep regret that we record the untimely death of Mr. Ron Lyne, who kindly allowed his property to be used for our course at Campbell Town.

Runners seem to be much more concerned with finding new courses that cover different terrain and are seeking them out for themselves. In addition more of the track stars are realising that it is essential to have a background of cross country. Now it is hoped they will become more interested in the competitive side.

Greg Blake dominated all State events, winning all three senior titles in excellent times.

A team of five runners was selected to represent your Association in the Australian 10,000 metres Cross Country Championship, held in Sydney. They were Greg Blake, Barrie Wise (South), Brian Woods, Terry Nailer (North), and Don Cox (North-West). The course, through Centennial Park, was very difficult, made more so by heavy rain, but still a real test of cross country running. Altogether the team did not perform as well as anticipated, Greg doing the best to finish 19th. However, a great deal was learnt regarding training and conditioning. All members realised that their training was totally inadequate and in this regard at least the trip proved worth while.

AMATEUR ATHLETIC UNION CONFERENCE. Your Association was very ably represented by Messrs. N. G. Hutton and E. W. Barwick, and once again it is pleasing to report that Mr. Hutton was re-elected Vice-President of the Union.

The following are the results of the motions submitted by Tasmania:

1. A motion that the Coaching Sub-Committee be requested to meet and consider the feasibility of holding a seminar for coaches and to report to the Union by 31st December, 1962 was carried.
2. It was resolved that the Union request its Constitution & Rules Committee to investigate the practicability of framing rules to govern competition in novelty sports.
3. A motion to provide for the introduction of Australian Junior Championships to be held in conjunction with the Senior Track & Field Championships was carried. The events to be decided at the A.A.U. Conference for the following year.
4. A motion to change the colour of the Union singlet to gold and the badge to green with white shorts was not passed. There were several amendments agreed to changing the costume, although not as Tasmania desired.

Another motion, not submitted by your Council, to alter the roster for the Australian Track & Field Championships was lost so that Tasmania's turn is still not until 1965.

2.

TASMANIAN OLYMPIC COUNCIL. Your delegates to the Tasmanian Olympic Council are the President (Mr. E. W. Barwick) and the Deputy-President (Mr. N. G. Hutton).

While 1960 was the year of the Rome Olympic Games, and 1962 is the year of the British Empire and Commonwealth Games in Perth, 1961 was the in-between year, during which Australia did not compete on a big scale in International athletic competitions.

The Tasmanian Olympic Council acts as a co-ordinating body for all amateur sports and accepts the responsibility for raising Tasmania's share of funds to send teams to both the Olympic Games and the B. E. and C. Games. It will shortly open a fund for the Perth Games. As the Tasmanian Olympic Council consists only of two representatives from each affiliated sport it is not a large organisation and it has no large body of athletes owing allegiance directly to it. For this reason, it needs the support of all amateur sporting bodies when it appeals for funds. It is hoped that this year those funds will be used to send several of our athletes to Perth.

Athletes in general are mainly interested in their own club activities and the activities of their Branch. But beyond these is the State controlling body (the T.A.A.A.) and the Amateur Athletic Union of Australia, and further off again the International Amateur Athletic Federation.

On the Olympic side we have the Tasmanian Olympic Council, then the Australian Olympic Federation, and the International Olympic Council.

All these bodies are vitally necessary and have important parts to play in spreading the influence of amateur athletics and the Olympic movement in every continent and practically every country in the world.

It is ultimately through them that our athletes get the opportunity to compete against the best athletes that this world can produce.

NORTH-WESTERN BRANCH. The most outstanding feature of the 1961-62 track and field season was the continued over-all improvement in both track and field events. This is illustrated by the fact that 29 new coastal records were set during the season, an increase of 9 over the previous year.

Membership for the year was again strong, with 102 registered athletes.

Darwin Competition. Four teams (Burnie High School, Parklands High School, Penguin and Circular Head) contested in the men's roster.

Parklands High School athlete Dale Monson easily won the men's "A" Grade aggregate trophy. Monson was lost to the division at the end of the season when he was transferred to Western Australia.

Devon Competition. Three teams (East Devonport, Devonport High School and Ulverstone) competed in the Devon men's roster.

Devon division were unlucky to lose two of their leading athletes (John Snare, who is studying at Duntroon, and Don Cox, who has gone abroad to England).

Inter-Club Premiership. It was decided that the Inter-Club Premiership be conducted for all clubs instead of having Club Premierships in each division.

This move from the Branch to coastal premierships proved to be a great success, with clubs keenly contesting for the "M. N. Maddock Perpetual Shield" donated by the N.W.A.A.B. Council.

The winner of the senior shield for this season was Circular Head; D.H.S. won the Under Age Pennant.

N.W.A.A.B. Council Meetings. Regular Council meetings have been held on the first Thursday of every month. These meetings are all well attended with an average attendance of 10 members.

At the last meeting of the Branch a letter was drafted and passed by the Council to approach the Premier, Hon. E. E. Reece, for financial assistance for a night carnival to be held at the Devonport Oval during December.

Tasmanian Schoolchildren's Championships. This Branch had the honour of conducting this year's Schoolchildren's Championships, which were very successful. Sue Rush, from Hobart, and Ray Groom, of Burnie, were the outstanding performers. Groom set new figures for the open broad jump, 22 ft. 3½ ins., and 42 ft. 2 ins. for the Hop, Step and Jump. Sue's records were the 75 yards Under 16, in 8.8 secs., 100 yards Under 16 in 11.3 secs.

State Representatives. Congratulations are extended to the athletes from this branch who were chosen in State teams during the last season. Don Cox, Ulverstone, for the 10,000 Metres Cross Country Championship, and Ray Groom, Burnie, for the Long Jump and Hop, Step & Jump. Ray's success in the Long Jump in Sydney resulted in his selection in the Commonwealth Games Training Squad.

Coastal Championships. In spite of the late date on which these were held they again proved a great success.

SOUTHERN BRANCH. The Southern Branch has had another successful season.

The Branch reports that the Southern Cross-Country season was marked by a much more intensive training programme undertaken by many of the regular competitors, and whilst there was no real increase in the popularity of this section of the sport, the rise in standards was very obvious.

The track season opened in October when four "informal" twilight meetings were held midweek. These meetings proved so popular that the Branch inaugurated a regular Wednesday night twilight premiership competition, when races were conducted over "odd" distances, such as 60, 150, 330, 660, 1000 yards, to assist in training as well as to provide a welcome change for competitors. Eastern Suburbs easily won this competition.

The inter-club premiership was extended to include 16 rounds and proved an unprecedented success. Sandy Bay won the Southern title, supplanting Eastern Suburbs who had been on top for four seasons. Eastern Suburbs won the "A" Grade title.

Highlight of the season was the Melbourne V Hobart match, held at North Hobart on December 30th. A team of 12 represented Melbourne, who won the match 49 points to 29. The Branch was aided considerably in its promotion of the meeting by a generous donation from "The Mercury". The increased standard of the sport in the South can be attributed largely to the Branch's policy of staging meetings such as this.

Two schoolchildren's meetings were held - the Southern Championships in October and the Hobart Championships in March. Both were highly successful, particularly the former, when over 600 children competed in 196 events. The time and energy devoted by Branch officials to these meetings must certainly bring results in the years to come.

NORTHERN BRANCH. The season under review was not very successful in respect to the track, but reasonably good as far as Cross-Country was concerned. Highlight was the winning of the 4 Mile Triangular Teams Race.

Newstead Club are to be congratulated on winning the 5 Mile Senior Teams Race and finishing 2nd in the 5 Mile Novice. Terry Nailer won the Branch's Cross-Country Consistency Trophy, with Bob Burnett runner-up.

The track season left much to be desired, especially the number of officials attending meetings. The branch can not expect to encourage young people to take up athletics if no willingness is shown to help them. It is to be hoped that next season there is a surplus of officials.

The Branch's track team is to be congratulated on finishing second in the Junior and Sub-Junior divisions of the Triangular contest. Newstead Club recorded a fine performance in the Tasmanian Championships, winning the Sub-Junior competition and tying for first with Sandy Bay in the Junior.

The Northern Championships were successfully conducted, seven records being broken.

FINANCE. Once again after making an estimate of receipts and payments for the season, an affiliation fee of £25 per branch was set. No depreciation of equipment was taken into consideration in these estimates. Although there is an excess of expenditure of nearly £60, the loss for the year is only £10 as the depreciation is not taken into account.

An income of £62 from raffles helped to offset the Association's contribution to the travel and accommodation expenses of State teams, plus their costumes and manager's expenses, which totalled £65.

Although attempting to keep financial dealings to a minimum, it is apparent that your Council will have an increasing amount of expenditure in the future if the standard of athletics in the State continues to improve. Bigger teams for Australian Championships and also interstate competition will be essential. This will necessitate new fields of income or higher affiliation fees if expenses are to be met. Whilst it is felt that the branches should finance the sport, any larger levy would impose a severe strain on them. So it does appear as though the great bogey of amateur sport, lack of money, will have to be faced again.

APPRECIATION. As is always the case, a great number of people and organisations have helped to make your Council's work easier. It is only right that appreciation be expressed to them now. To all Branches for conducting programmes on behalf of the Association and for the way they have promoted the sport during the season. To all sections of the Press, Radio and Television for publicity. To the National Fitness Council for help in typing and duplicating. To Mr. D. R. Plaister and the Education Department for the use of a meeting room. To all the above and any one else who has assisted in any way your Association expresses its sincere thanks.

On behalf of the Council,

E. W. BARWICK, PRESIDENT.

N. J. RUDDOCK, HONORARY SECRETARY.
